LATE CABLE GRAMS.

Blizzards Sweep the Entire Mississippi Valley.

Chicago, Jan. 11.—Extreme cold is reported throughout the Mississippi Valley. In Minnesota lakes and streams are deeply frozen and much suffering has ensued.

New York, Jan. 11. Sharper winter weather accents the need of fuel. But little coal is reaching the city and this is being doled out in small quantities. Hotels and all public buildings where heat is free are thronged with people who have no other business there except to keep warm.

Philadelphia, Jan. 11.—It is stated that, owing to the scarcity of coal, several of the largest iron mills and factories will be run on half time.

Hermosillo, Mex., Jan. 11.—Two deaths have occurred here from bubonic plague. The disease was brought by Chinese from the coast on their way north. It is spreading in the interior along lines of travel. Coast ports have quarantined Mazatlan where the situation is worse.

Hermosillo, the capital of Sonora, is a city of 15,000 people. A railroad connects with Guaymas, a port on the Gulf of California, north of Mazatlan. The Sonora railway, which runs through Hermosillo, connects with the Southern Pacific system.

Manila, Jan. 11.—Governor Taft is being strongly urged to remain in the Philippines. At a great popular demonstration the Governor assured the people that, if he left, no change in the policy of the insular government would ensue. Governor Taft's administration has greatly strengthened popular respect for the United States.

London, Jan. 11.—All Europeans have now left the city of Fez. The Sultan is preparing to attack the rebels.

Denver, Jan. 11.—Freight trains collided near here in a snow-storm. One man was killed and two injured.

Philadelphia, Jan. 11. Edward Powers, a merchant of this city, has been killed by a highwayman.

MESSAGES ACROSS CONTINENT.

Marconi to Put New System Into Operation in Canada.

Winnipeg (Man.), Jan. 1.—Marconi is preparing to install a wireless transcontinental service through Canada. Two of his experts passed through here yesterday on their way west to arrange for a series of tests in the Rockies. It is expected by the inventor that the diverse electrical currents in the rarefied atmosphere of the high altitudes may interfere with the successful sending of his messages and it is to satisfy himself that the tests are made in the winter, when the conditions would be most unfavorable.

Winnipeg is to be the half-way house of the system. It is understood that the station will be located at Stony mountain, an eminence twelve miles from Winnipeg. It will receive messages from Mount Royal, at Montreal, and it is the work of these experts to locate the next Western station in the Rockies.

Boston, Jan. 1.—Earl Roberts will be the guest of the Ancient and Honorable Artillery Company of Boston next September. This announcement was made by Captain Olys, the commander, tonight. He also says that Prince of Wales and his uncle, the Duke of Connaught, may come, accompanied by the Earl of Denbigh, Lieutenant-Colonel of the Honorable Artillery Company of London.

MOROCCO REBELS.

Sultan Sends Troops to Meet the Enemy.

New York, Jan. 1.—A cable to the Sun from Tangier says: "The Government has not communicated with officials here since the disaster on December 23d. A courier arrived today bringing a letter, dated December 26th, to a banking firm, stating that the pretender was four hours distant from Fez. All available troops had left Fez to meet him. This is the latest authentic news received here."

A cable to the Sun from Madrid says: "It is said here that the Sultan of Morocco has summoned the Sheriffs and notables to Fez and made a bid for their loyalty, offering to abjure his European predilections, to break his relations with the Christians and to maintain Islamism. It is asserted that the immediate dismissal of European officials is consequently impending, accompanied by a reactionary policy."

"It is said that the pretender sent to the Sultan at Fez a token of approval in the form of a number of salted heads of imperial soldiers who were slain in the recent battle."

Madrid, Jan. 1.—News has reached here that the European inhabitants of Tetuan, Morocco, have quitted that post, fearing that the rebels will attack the place.

Dispatches received here from Tangier report that several provision convoys have entered Fez. The Sultan's troops intended marching out from Fez December 27th to attack the rebels. The Sultan has summoned his brother, Mulai Mohammed, to Fez in order to disprove the claim of the pretender to the throne that Mulai Mohammed had fomented the present rebellion.

EDWARD EMPEROR OF INDIA.

An Immense Crowd Is Present at Durbar.

New York, Jan. 1.—A cable to the Tribune from London says: The morning journals are filled with details of Oriental pageantry and magnificence at Delhi. The Durbar was, perhaps, a less picturesque function than the state entry into Delhi, with its long double file of richly caparisoned elephants, but there was a larger representation of Indian princes and a greater display of military forces. Accounts of the procession of elephants and vassal princes read like a new chapter of "the Arabian Nights." Details of the proclamation of the King and Emperor from the throne with golden lions formed a sequel to the Oriental romance of British dominion, of which a statesman with Hebraic imagination was the author. Lord Curzon has brought out a new edition de luxe in the ancient Mogul capital.

Curzon's genius as a stage manager, with his unique knowledge of Oriental character, is also recognized, and there is a conviction that he will enact a greater part in imperial politics after his return from India.

Delhi (India), Jan. 1.—Tens of thousands of people from the city of Delhi and from villages far and near began gathering at daybreak this morning on the great plain outside the city. There they waited patiently for the supreme announcement of the durbar that King Edward was Emperor of India.

Bret Harte's Small Estate.

New York, Jan. 2.—A cable to the Sun from London says: Letters of administration on the estate of Bret Harte, the American author, who died in May last, have been granted to his son Francis, the widow having renounced administration. The value of the estate caused surprise, it being placed at only £360, 6s, 9d (about \$1800).

AGAINST LEPER SCHEME.

Territorial Republican Committee Takes Prompt Action.

A strong appeal has been forwarded to Hon. M. A. Hanna by the Republican Territorial Central Committee, urging him to use his influence against the recommendation of the Senatorial Commission that Molokai be turned into a national leper lazaretto. The letter calls especial attention to the fact that it was the opposition of the Republicans of Hawaii to this policy which defeated Wilcox and elected Prince Kuhio in the November election. The letter is as follows:

Honolulu, T. H., Jan. 10, 1903.

Hon. M. A. Hanna, Chairman Republican National Committee, Washington, D. C.

Dear Sir:—The statement has been cabled here from Washington that those United States Senators who recently visited the Territory of Hawaii as a Commission to investigate, and report to the Senate upon affairs and conditions in these islands, have recommended that all the lepers now on the island of Molokai should be placed under control of the Federal Treasury Department, also that all lepers now on the Mainland of the United States should be transported to Molokai for treatment, under the control, with the lepers of Hawaii.

So strongly did we feel upon this subject that our secretary was directed to send you the following cablegram on the 8th inst.:

"Honolulu, Jan. 8, 1903.

"Hon. M. A. Hanna, Washington, D. C.

"Republican organizations protest against Federal supervision, and transfer of lepers from Mainland.

"We insist on caring for our own afflicted. It is our privilege and duty.

"Republican party's pledge to this policy won last election.

"(Signed) ATKINSON, "Secretary."

BEET SUGAR SATISFIED.

Will Withdraw Opposition to Cuba Reciprocity Treaty.

Washington, Jan. 8.—The American Beet Sugar Association has passed resolutions withdrawing its opposition to Cuban reciprocity but recommending that the treaty be amended so that, during the period of five years covered by that instrument no sugar exported from Cuba shall be admitted to the United States at a reduced duty greater than twenty per cent of the rates of duty thereon as provided by the tariff act of 1897. The Association also adopted resolutions protesting against unnecessary stimulation of the sugar and tobacco industries of the Philippines by further tariff reductions.

Caracas, Jan. 8.—United States Minister Bowen has received orders to leave Venezuela for Washington to present the Venezuelan case to the British and German Commission.

London, Jan. 8.—King Edward today appointed as Archbishop of Canterbury, Dr. Randall Thomas Davidson, who has been Bishop of Winchester since 1895.

Chilean Volcanoes in Action.

New York, Jan. 2.—A cablegram to the Herald from Valparaiso, Chile, says: Reports received here from the province of Languihue say that five volcanoes there are in active eruption, but no damage has yet been reported.

Pope Opposes Dueling.

Rome, Jan. 2.—The Pope is about to issue an encyclical against the practice of dueling. He will appeal to all Christian governments to suppress the practice, which is described as a survival of the Middle Ages.

Publicly Provided for Individuals Held Responsible.

Washington, January 2.—Senator Hoar has completed, and today made public the anti-trust bill, which he asked leave before the Senate adjourned for the holidays to introduce. The first section of the measure declares that the act shall not repeal or limit anti-trust laws now on the statute books.

Section 3 provides: "That from and after the 30th day of June, 1904, no corporation, joint stock company or other association whose stockholders are not personally liable for their debts, created by any State or Territory, shall engage in commerce with foreign nations or among the several States, or continue to carry on such commerce unless it shall comply with the following conditions:

"First—It shall file a statement in the office of the Interstate Commerce Commission on or before September 15, 1904, and shall on or before September 15th in each year thereafter file a statement for the year showing:

"Second—The amount of its capital stock.

"Third—The market value of the same.

"Fourth—How much of the same has been in full in cash, or, if the same has not been paid in full in cash, what has been received by said corporation, joint stock company or other association in lieu thereof and the value of whatever shall have been so received by it.

"Fifth—The names of all the officers and directors and all agents trusted with the management of its affairs.

"Sixth—The amount it has paid in dividends during the year, the rate of percentage of such dividends and times of paying the same.

"Seventh—A statement of all the stock owned by it of any other corporation, joint stock company or other association, specifying the other corporation, and the number and value of shares in each; the amount of its own stock held by other corporations and the value thereof, and the amount of stock in other corporations held in trust for it, or in which it has any interest of any sort, directly or indirectly, specifying the corporations.

"Eighth—An undertaking signed by its officers, general manager and directors that they will comply with the provisions of this and all other laws of the United States in the management of the affairs of said corporations, joint stock companies or other associations; and that they accept the provisions and liabilities of this act and the obligations by it imposed so long as they shall continue to hold or exercise said offices or authority."
